1. Background

Following the occurrence of the scheduled maturity date of the Issuer's SEK 1,500,000,000 senior secured callable floating rate bonds 2019/2024 with ISIN SE0012827996 (the "**Senior Bonds**") on 25 July 2024, the Bondholders sent an acceleration notice to the Issuer as an Event of Default had occurred and was continuing pursuant to clause 16.4(a)(i) of the terms and conditions for the Senior Bonds and clause 16.3 (*Cross-acceleration*) of the Terms and Conditions. On 30 July 2024, certain Bondholders, certain holders of the Senior Bonds (the "**Senior Bondholders**") and the Issuer entered into a forbearance letter with the Issuer, for the purpose of negotiating and agreeing a solution to the Issuer's liquidity position and pursuant to which the parties agreed that the Bondholders and the Senior Bondholders would not instruct the Agent to make any payment demands or take any enforcement actions under the Existing Bonds until 31 August 2024 (the "**Forbearance Period**"). The Forbearance Period lapsed on 31 August 2024, and the parties to the Forbearance Letter did not reach an agreement regarding an extension of the Forbearance Period.

An ad hoc group of Bondholders representing, in aggregate, more than fifty (50) per cent. of the Adjusted Nominal Amount of the Existing Bonds and Senior Bondholders representing in aggregate more than fifty (50) per cent. of the Adjusted Nominal Amount (as defined in the terms and conditions for the Senior Bonds) of the Senior Bonds (the "**Ad Hoc Committee**") have negotiated with the Issuer regarding entering into a settlement agreement for the purpose of finding a solution whereby the shares in the Issuer's subsidiary Ellos Group Nordic AB (publ), reg.no. 559318-3618 ("**EGN**", and together with its subsidiaries, the "**Group**") were to be transferred to a designated entity to be held on account for the Bondholders and the Senior Bondholders. The parties did however not reach an agreement and on 9 September 2024 the Issuer filed a petition for bankruptcy with the District Court of Borås (Sw. *Borås tingsrätt*). On 10 September 2024 the District Court approved the petition and consequently, the Issuer is now in bankruptcy (the "**Bankruptcy Proceedings**"). Lars-Henrik Andersson from Cirio Advokatbyrå has been appointed as bankruptcy trustee.

On 17 September 2024, the Written Procedure was issued under the Bonds with a view to grant authority to a Bondholder committee representing more than 50% of the Adjusted Nominal Amount to instruct the Agent to carry out a transaction whereby the assets of the Issuer, including but not limited to, the shares of EGN or any other Group Company or any of their respective assets or operations would be transferred to an entity controlled by the Bondholders and the Senior Bondholders or Stiftelsen Refectio (or any of its affiliates) or another trust or entity holding such shares or assets directly or indirectly for the account of the Bondholders or as otherwise directed by the Ad Hoc Committee in exchange for a write-down or transfer of the Bonds and the Senior Bonds or any other consideration deemed appropriate. In the Written Procedure, it was further informed that certain members of the Ad Hoc Committee were contemplating to underwrite a liquidity bridge facility in an amount of up to SEK 250,000,000 to EGN or another Group Company (the "**Liquidity Bridge**") to finance liquidity shortfalls in the Group and to provide coverage for the short-term liquidity needs of the Group until a new capital structure may be implemented.

For the purpose of acquiring and holding the assets of the Issuer, the SPV was set up. The SPV is a subsidiary of NT Refectio XV AS, a private limited liability company incorporated in Norway with registration number 916 538 073 ("**NT Refectio**") controlled by Stiftelsen Refectio, a foundation incorporated in Norway with registration number 893 811 362. The SPV and NT Refectio will be obligated to act on the instructions of the Agent pursuant to a mandate agreement entered into between the Agent, NT Refectio and the SPV (the "**Mandate Agreement**").

On 24 September 2024, the SPV entered into an asset purchase agreement (the "**Asset Purchase Agreement**") with the bankruptcy estate of the Issuer (the "**Bankruptcy Estate**"), pursuant to which the SPV will acquire (i) all of the issued shares (the "**Shares**") in EGN, (ii)

intercompany claims in the amount of approx. SEK 420,122,566 against, inter alia, Ellos Group Holding AB, Ellos AB and Jotex Sweden AB and any other present intercompany claim of the Issuer on its subsidiaries (the “**Intercompany Claims**”) and (iii) cash deposits on account no. 8901-1 814 357 782 6 held with Swedbank AB (publ) (the “**Cash Deposits**”) and collectively the “**Assets**”) (the “**Acquisition**”). As consideration for the Assets, the SPV shall (i) unilaterally and irrevocably assume the Issuer’s obligations under the Existing Bonds and the Senior Bonds, (ii) pay or cause to be paid by such entity as it may designate, by no later than 5 business days after the closing date of the acquisition, a cash consideration (the “**Cash Consideration**”) of SEK 10,000,000 and (iii) if the Cash Consideration is insufficient to cover the costs of the Bankruptcy Estate (including the Swedish Tax Authority’s (Sw. *Skatteverket*) claim in the Bankruptcy Proceedings), an additional cash amount of up to SEK 5,000,000 may be requested to be paid ((i) to (iii) collectively, the “**Purchase Price**”).

Consequently, following completion of the Acquisition (subject to the Bondholders’ approval in the Written Procedure), the SPV will replace the Issuer as issuer under the Bonds and the Senior Bonds. As a result thereof, and following discussions between the Ad Hoc Committee and its advisors, it has been agreed that the Liquidity Bridge shall be issued by way of the SPV issuing new super senior secured callable fixed rate bonds (the “**New Bonds**”) and the “**Bond Issue**”) in an initial amount of up to SEK 150,000,000 (the “**Initial Bond Issue**”) within a framework of up to SEK 250,000,000 by way of a private placement directed to all Bondholders. The proceeds from the New Bonds shall be applied towards the financing of transaction costs (including costs related to the Acquisition and the Bond Issue), the financing of the Purchase Price and for general corporate purposes of the Group. The Bond Issue is underwritten in full by certain members of the Ad Hoc Committee.

Consequently, this Offer has been prepared for the purpose of inviting existing Bondholders, to participate in the New Bonds to continue their support for the Group and its operations. The offer is prepared to ensure equal treatment of all Bondholders.

2. The Offer

Bondholders are invited to subscribe for participation in the Initial Bond Issue. The New Bonds will be offered to the Bondholders pro rata to their aggregate holdings of Existing Bonds and Senior Bonds. Any subsequent New Bonds issued after the First Bond Issue will be made under a separate offer.

The entire issue of the New Bonds is fully underwritten by the Ad Hoc Committee. Subscription to participate in the Initial Bond Issue can be made during the period 3 October 2024 – 8 October 2024 (15:00 CEST) in accordance with the instructions set out below.

To subscribe to participate in the Initial Bond Issue, the following actions must be taken:

- (a) complete and sign the subscription form (authorised signature by the beneficial holder of the Existing Bonds or any person (entity or individual) with authority to manage and act in relation to the holding of such beneficial holder) set out in **Schedule 2** (the “**Subscription Form**”) hereto; and
- (b) submit, or request that your nominee submits, the signed Subscription Form to Aqurat Fondkommission AB (“**Aqurat**”) in accordance with the instructions set out in the Subscription Form so that it is received no later than 8 October 2024, 15:00 CEST.

Detailed instructions on how to subscribe to participate in the Initial Bond Issue are set out in the Subscription Form. The Subscription Form will constitute an irrevocable and binding commitment to participate in the Initial Bond Issue on the terms set out therein.

The New Bonds will be allocated:

- (a) *firstly*, to each Bondholder who have subscribed for New Bonds *pro rata* to their aggregate holdings of Existing Bonds and Senior Bonds in relation to the aggregate outstanding principal amount of all Existing Bonds and Senior Bonds as of the Record Date; and
- (b) *secondly*, to certain members of the Ad Hoc Committee (as underwriters) *pro rata* to their aggregate holding of Existing Bonds and Senior Bonds in relation to the underwriting Ad Hoc Committee members' aggregate holdings of Existing Bonds and Senior Bonds.

The underwriting Ad Hoc Committee members will be entitled to a fee of three point five (3.5) per cent. of the issued amount, being in aggregate SEK 150,000,000 (the “**Underwriting Fee**”). The Underwriting Fee will, subject to the rules of the CSD, be paid in connection with the settlement of the Initial Bond Issue.

3. Terms of the New Bonds

The key terms of the New Bonds are set out below. The New Bonds will be governed by terms and conditions to be prepared based on the terms and conditions for the Existing Bonds updated to reflect the terms set out in the term sheet attached hereto as **Schedule 1** (the “**Term Sheet**”). For more information, please refer to the Term Sheet.

3.1 Ranking

The New Bonds will rank *pari passu* with the Existing Bonds and senior to the Senior Bonds, and will share the security and guarantees granted in respect of the Existing Bonds and the Senior Bonds as further set out in Section 3.6 (*Security and guarantees*) below. In order to achieve the required ranking and sharing of security and guarantees, amendments will be made to the existing intercreditor agreement originally dated 26 November 2019 as amended from time to time between, amongst others, the Issuer, certain members of the Group listed therein as Original ICA Group Companies and the Agent as Security Agent, as the Bonds Agent, and Original Super Senior Bonds Agent (the “**Intercreditor Agreement**”), based on the authority granted to the Ad Hoc Committee in the Written Procedure.

3.2 Economics

The New Bonds will be separated into two separate tranches, a first tranche in a maximum amount of up to SEK 230,000,000 (“**Tranche 1**”) and a second tranche in a maximum amount of up to SEK 30,000,000 (“**Tranche 2**”). The Initial Bond Issue will be in a maximum aggregate amount of up to SEK 150,000,000, of which up to SEK 130,000,000 will be issued under Tranche 1 and up to SEK 30,000,000 will be issued under Tranche 2. Furthermore, subsequent bonds may be issued provided that no event of default is continuing and provided that the total nominal amount of the New Bonds under Tranche 1 and Tranche 2 may not exceed SEK 250,000,000. The Initial Bond Issue will be at a price per bond equal to 100 per cent. of the nominal amount. Subsequent bonds may be issued at a discount or a premium. The New Bonds will accrue interest at a fixed rate of ten (10) per cent. *per annum*, which will be payable at the redemption date.

3.3 Redemption and maturity

The New Bonds will be redeemable at a price equal to 102 per cent. of the nominal amount on the date falling six months after the date of the Initial Bond Issue. The New Bonds will be

callable by the SPV (call option) at any time prior to the maturity date at a price equal to 102 per cent. of the nominal amount plus accrued but unpaid interest. The New Bonds will be redeemable at the request of a holder (put option) upon the occurrence of a change of control, a repayment of the Existing Bonds or a failure by the SPV to meet the conditions precedent set out in the terms and conditions by the specified time.

3.4 *Use of proceeds*

The proceeds from the New Bonds will be applied by the SPV towards:

- (a) with respect to Tranche 1, on-lending to EGN and/or other members of the Group to be applied towards the financing of general corporate purposes and liquidity needs of the Group; and
- (b) with respect to Tranche 2, the financing of the Purchase Price under the Acquisition, financing transaction costs related to the Acquisition and the excess to applied towards the financing of general corporate purposes of the SPV and the Group.

3.5 *Conditions precedent*

The Initial Bond Issue and/or the release of the net proceeds under the New Bonds will be conditional upon, among other things:

- (a) customary corporate authorisations from the SPV and each guarantor and security provider;
- (b) a duly signed and perfected escrow account pledge agreement;
- (c) the Intercreditor Agreement being amended to ensure the super senior ranking of the New Bonds;
- (d) evidence that the security and guarantees granted in respect of the Existing Bonds and the Senior Bonds have been amended and extended to cover the New Bonds, provided that any existing security and guarantees granted by members of the Group (for avoidance of doubt, other than the Issuer) will initially be amended to only secure Tranche 1 and certain intragroup loans granted by the SPV to members of the Group and will be amended again to cover the New Bonds, the Existing Bonds and the Senior Bonds following a brief security take-up period (please refer to Section 3.6 (*Security and guarantees*) below);
- (e) customary legal opinions being provided; and
- (f) such further documents and evidence as is customary or as otherwise requested by the Agent.

3.6 *Security*

As security for its obligations under the New Bonds, the Issuer will grant security over (i) all shares in EGN, (ii) all intragroup loans granted by the Issuer to any member of the Group (including the intragroup loans acquired pursuant to the Acquisition) and (iii) a second ranking security over the cash collateral in the amount of up to SEK 164,000,000. Furthermore, and in order to meet restrictions in the Swedish Companies Act relating to financial assistance, the existing security and guarantees granted by members of the Group will instead be granted (i) to the holders of the New Bonds to secure or guarantee (as applicable) the SPV's obligations under Tranche 1 and (ii) to the SPV to secure or guarantee (as applicable) the relevant members of the Group's liabilities under the intragroup loans

granted by the SPV to such members of the Group. The SPV will then grant security to the Secured Parties (as defined in the Intercreditor Agreement) over its rights under the relevant security documents evidencing the security and guarantees granted in respect of the intragroup loans.

The Issuer shall procure that, following a brief security take-up period of approximately 30-60 days (but no longer than 60 days), all security and guarantees which are currently granted for the Existing Bonds and the Senior Bonds, and subsequently granted for Tranche 1 and the relevant intragroup loans, will be re-granted to the Secured Parties to secure or guarantee (as applicable) the New Bonds, the Existing Bonds and the Senior Bonds.

3.7 Documentation

The terms and conditions of the New Bonds will be based substantially on the terms and conditions for the Existing Bonds, with amendments to reflect the terms set out in the Term Sheet, and otherwise in form and substance satisfactory to the Agent and its advisors. The terms and conditions of the New Bonds will be governed by Swedish law. The Agent will act as agent under the New Bonds.

4. Risks related to the Offer and the Bonds

The purpose of this section is to provide an overview of certain material risks specific to the New Bonds and the Offer. Please note that this section does not purport to set out a complete list of risks relating to the New Bonds, the Offer or the operations of the SPV, EGN or its subsidiaries. Each potential investor into the New Bonds are recommended to conduct an independent investigation with respect to the New Bonds and the SPV's and EGN's business, operations, assets and condition (financial or otherwise).

4.1 Unsustainable capital structure of the SPV

Following the completion of the Acquisition and the Initial Bond Issue, the SPV will have outstanding senior and super senior bonds in an aggregate nominal amount of up to SEK 1,900,000,000, being up to SEK 150,000,000 more than the nominal amount of the bonds issued by the Issuer which is currently in bankruptcy. The SPV is dependent on its ability to agree a sustainable long term financing structure with its creditors and shareholders. Following the completion of the Acquisition and the Bond Issue, the intention of the Ad Hoc Committee is to agree and implement a new capital structure of the Group. However, at the date of this Offer, no such capital structure is agreed. There is a risk that the Ad Hoc Committee may not be able to find a suitable financing structure for the Group on acceptable terms, or at all. If no new financing structure is found, it would have a material adverse effect on the ability of the SPV to meet its payment obligations under the New Bonds. Furthermore, there is a risk that the new financing structure ultimately chosen may require a write down and/or equity conversion of the SPV's debt, including the New Bonds.

4.2 Holding company risks and risks related to the Asset Purchase Agreement and the Acquisition

The SPV is a newly established entity without any cash generating business. In order to meet its payment obligations under the New Bonds, the SPV is dependent on the Acquisition being completed as contemplated, and the members of the Group being acquired pursuant to the Acquisition to be able to transfer available cash resources to the SPV.

Transfers of funds to the SPV from the Group may be restricted or prohibited by legal and contractual requirements applicable to the subsidiaries from time to time. There is also a risk that limitations or restrictions on the transfer of funds between companies within the Group becomes more restrictive in the event that the SPV experiences difficulties with respect to liquidity and its financial position.

If any of the above risks were to materialise, it would have a material adverse effect on the SPV's ability to make payments under the New Bonds and other financings as they fall due.

4.3 *Risks related to the security package*

In connection with the completion of the Acquisition and the Initial Bond Issue, the security and guarantees granted in respect of the Existing Bonds and the Senior Bonds will be extended to cover the obligations of the SPV under the New Bonds as further described under Section 3.6 (*Security and guarantees*) above. However, there is a risk that the financial position of the SPV immediately upon the issuance of the New Bonds and the assumption of the SPV of the Issuer's obligations under the Existing Bonds and the Senior Bonds could lead to the SPV being deemed to be insolvent, and that consequently the granting of such security will be deemed to be an unlawful transfer of value (Sw. *olovlig värdeöverföring*), which could have an adverse effect on the validity of the security. Furthermore, there is a risk that the security and guarantee confirmations granted by the members of the Group could be considered to be security for antecedent debt, which would trigger a hardening period under Swedish insolvency law.

Furthermore, during the security take-up period described in Section 3.6 (*Security and guarantees*) above, the recoverable amount under security granted by the Group will be limited to the amount outstanding under Tranche 1 and the pledged intragroup loans, being an aggregate amount of approximately SEK 670,000,000 to 680,000,000. Unless the value of the security granted in respect of all secured liabilities (being security over the shares in EGN, certain intragroup loans and a bank account) is sufficient to cover the deficit, there is a risk that the security will not be sufficient to cover the aggregate amount of the secured liabilities.

Finally, there is a risk that the value of the pledged assets does not amount to the full amount of the secured liabilities, meaning that the remuneration received in connection with and enforcement of the security and guarantees would not be sufficient to cover the SPV's liabilities.

If any of the above risks were to materialise, it would have a material adverse effect on the SPV's ability to make payments under the New Bonds and other financings should any of such financings be accelerated.

4.4 *Risks related to bankruptcy of the Issuer*

On 9 September 2024, the Issuer filed a petition for bankruptcy with the District Court of Borås (Sw. *Borås tingsrätt*). On 10 September 2024 the District Court approved the petition and consequently, the Issuer is now in bankruptcy. While the bankruptcy does not legally affect the subsidiaries of the Issuer, there is a risk that the bankruptcy may have damaged the reputation of the Group and the Ellos brand, which in turn could have an adverse effect on the Group's relationship with its suppliers, customers and creditors. For instance, there is a risk that the suppliers of the Group may be unwilling to allow the Group customary advance purchase terms, which could have an adverse effect on the liquidity and operations of the Group. Furthermore, there is a risk that the bankruptcy of the Issuer will have an adverse

effect on the ability of the SPV to refinance the New Bonds and its other debts on favourable terms, or at all. Should any of these risks materialise, it could have an adverse effect on the SPV's ability to meet its payment obligations under the New Bonds.
